2. S.C. Code Ann. § 58-23-40 (1976) provides:

3. S.C. Code Ann. § 58-23-590(A) (Supp. 2005) provides:

The commission shall promulgate regulations necessary to control entry and certification standards, set rates and charges, and establish enforcement procedures and powers to govern the operations of carriers of household goods and hazardous waste for disposal.

4. S.C. Code Ann. § 58-23-590(C) (Supp. 2005) provides:

The commission shall issue a common carrier certificate or contract carrier permit of public convenience and necessity if the applicant proves to the Commission that:

- (1) it is fit, willing, and able to properly perform the proposed service and comply with the provisions of this chapter and the commission's regulations; and
- (2) the proposed service, to the extent to be authorized by the certificate or permit, is required by the present public convenience and necessity.

The commission shall adopt regulations that provide criteria for establishing that the applicant is fit, willing, and able, and criteria for establishing that the applicant must meet the requirements of public convenience and necessity. The determination that the proposed service is required by

the public convenience and necessity must be made by the commission on a case by case basis.

5. Following enactment of S.C. Code Ann. § 58-23-590, the Commission proposed amendments and changes to the Commission's regulations governing Motor Carriers. The amended regulations became effective in June, 1998.

6. 26 S.C. Code Ann. Regs. 103-102(l) (Supp. 2005) defines "Certificate of PC&N" as the certificate of public convenience and necessity authorized to be issued under provisions of Chapter 23 of Title 58 of the Code of Laws of South Carolina, 1976. Certificates of PC&N shall be required of all for-hire passenger carriers, household goods carriers (except those operating exclusively within the limits of any municipality), and hazardous waste for disposal carriers. 7. 26 S.C. Code Ann. 8. A "Class E Motor Carrier" is defined in 26 S.C. Code Ann. Regs. 103-114 (Supp. 2005) as "a common carrier of property (household goods or hazardous waste for disposal) by motor vehicle including a motor vehicle containing goods packed by a

packing service. A Class E motor carrier must obtain either a Certificate of PC&N or FWA from the Commission.”

9. 26 S.C. Code Ann. Regs. 103-133 (Supp. 2005) is entitled “Proof Required to Justify Approving an Application” and provides in subsection (l) as follows:

(1) PC&N (Household Goods or Hazardous Waste for Disposal). An application for a Certificate of PC&N or to amend a Certificate of PC&N to operate as a carrier of household goods or hazardous waste for disposal by motor vehicle may be approved upon a showing that the applicant is fit, willing, and able to appropriately perform the proposed service and that public convenience and necessity are not already being served in the territory by existing authorized service. The public convenience and necessity criterion must be shown by the use of shipper witnesses. If the Commission determines that the public convenience and necessity is already being served, the Commission may deny the application. The following criteria should be used by the Commission in determining that an applicant for motor carrier operating authority is fit, willing, and able to provide the requested service to the public:

- a. FIT. The applicant must demonstrate or the Commission determine that the applicant’s safety rating is satisfactory. This can be obtained from U.S.D.O.T. and S.C.D.P.S safety records. Applicants should also certify that there are no outstanding judgments pending against such applicant. The applicant should further certify that he is familiar with all statutes and regulations, including safety operations in South Carolina and agree to operate in compliance with these statutes and regulations.
- b. ABLE. The applicant should demonstrate that he has either purchased or leased on a long-term basis necessary equipment to provide the service for which he is applying. Thirty days or more shall constitute a long-term basis. The applicant must undergo an inspection of all vehicles and facilities to be used to provide the proposed service. The

applicant should also provide evidence in the form of insurance policies or insurance quotes, indicating that he is aware of the Commission insurance requirements and the costs associated therewith.

- c. WILLING. Having met the requirements as to “fit and able,” the submitting of the application for operating authority would be sufficient demonstration of the applicant’s willingness to provide the authority sought.

10. 26 S.C. Code Ann. Regs. 103-134 (Supp. 2005) is entitled “When Hearing May Be Held” and provides in relevant part that “[w]hen an application for a Certificate of PC&N is submitted and there is no opposition, the Commission may hold a hearing if it deems necessary for the purpose as it shall determine, including the issue of fitness, willingness, or ability of the applicant to appropriately perform the proposed service, or the issue of whether public convenience and necessity are already being served.”

EVIDENCE OF RECORD

The hearing on the Application was held on June 1, 2006, at 10:30 a.m. in the offices of the Commission. The Honorable Randy Mitchell, Chairman, presided. Robert Hill Marye appeared pro se. Marye testified and presented the testimony of Peter Leventis as a shipper witness. The Office of Regulatory Staff (ORS) was represented by Jeffrey M. Nelson, Esquire. ORS presented the testimony of L. George Parker, Jr.

Robert Hill Marye, founder of the Company, testified in favor of the Application. Marye testified that his Company presently has two trucks, and already performs commercial and interstate moves. Marye stated that he worked for a moving company for five months previously, and that he presently receives daily calls from around the State requesting that he perform in-State moves. Marye noted that he presently has himself and

two other employees working for the Company, but eventually wants 4 to 5 full time employees. Marye testified that he and his Company have great flexibility and can make moves without much notice, including moves in emergency situations. Marye also discussed the insurance on his vehicles.

Peter Leventis testified as a shipper witness for the Company. Leventis stated that there is a need state-wide for movers, especially for military families.

George Parker, Manager of the Transportation Department of the Office of Regulatory Staff, also testified. Parker inspected the Company's vehicles and noted that he did not find any deficiencies. He noted that the Company's proposed rates were similar to those seen in other tariffs, although the rates were lower than those seen in the South Carolina Tariff Bureau's tariff. Parker testified that he had no concerns about the Company being fit, willing, and able to perform the services proposed.

FINDINGS OF FACT

After full consideration of the Application, the testimony presented, and the applicable law, the Commission makes the following findings of fact:

1. The Applicant, Robert Hill Marye d/b/a Gentlemen Movers, desires to provide moving services of household goods between points and places in South Carolina.
2. The Applicant is fit, willing, and able to provide and properly perform the services which it seeks to provide. "Fitness" has been demonstrated since the record contains (1) a certification that Mr. Marye is familiar with the regulations and statutes governing for-hire motor carrier services and (2) evidence that there are no outstanding judgments pending against Mr. Marye or his Company. "Able" was demonstrated by the

evidence of record which reveals that the Company has the present ability to and has arranged for the necessary truck and equipment with which to perform moving services, and has similarly arranged for insurance which meets the minimum requirements set by this Commission. The evidence of record also indicates that Gentlemen Movers possesses sufficient financial resources necessary to conduct for-hire motor carrier operations in South Carolina. “Willingness” was demonstrated by the filing of the Application and the testimony of the witnesses indicating the Applicant’s desire to undertake this business venture in South Carolina.

3. The services proposed by Gentlemen Movers are required by the public convenience and necessity. We find that the witnesses presented on behalf of the Company establish that the public convenience and necessity warrant the issuance of the permit requested by the Applicant. We find the evidence of public convenience and necessity provided by the Applicant to be credible.

CONCLUSIONS OF LAW

Based upon the above Findings of Fact and the applicable law, the Commission concludes as follows:

1. The Commission concludes that Robert Hill Marye d/b/a Gentlemen Movers has demonstrated that it meets the requirements of fit, willing, and able as set forth in 26 S.C. Code Ann. Regs. 103-133 (Supp.2005).

3. Based on the conclusions above, that the Company has demonstrated that it meets the requirements of fit, willing, and able and that it has demonstrated that the public convenience and necessity require the services it proposes, the Commission concludes that a Class E Certificate of Public Convenience and Necessity should be granted and that Robert Hill Marye d/b/a Gentlemen Movers should be authorized to provide moving services within the following operating scope:
